

STRUCTURAL INTEGRITY INSPECTIONS

► Ensures safety & compliance

Let Bidvest Facilities Management inspect your masts, towers, billboards and other structures and give you all the information you need to get them back in top condition.

► Our dedicated teams are available countrywide to ensure your structures remain OSHA compliant.

CONDITIONING ASSESSMENT:

To help you make the best of our inspection, we offer a conditioning assessment which includes:

- Digital photo evidence
- Magnetic particle examination
- Recommendations for remedial work
- Options to avoid major expenses

CONDITIONING ASSESSMENT:

The detailed inspection report is done with digital photographs and includes full reporting and tracking so that comparisons can be made between any of the records. The report is submitted electronically and covers structures as well as surrounding sites.

It includes:

- The structure base
- The body
- The Ladders
- The fall protection system
- The structure's top section
- Structure loading and peripheral equipment (antennae)
- Non-destructive testing.
