

TRAINING ACADEMY

▶ *Enhance technical & soft skills for your business*

Bidvest Facilities Management's Training Academy provides learners with technical qualifications and soft-skills training in a variety of disciplines relating to facilities management.

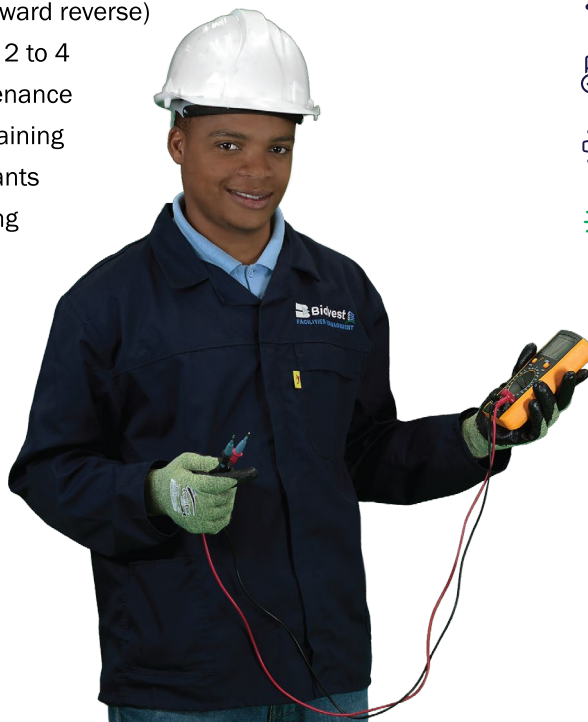

► Technical and soft-skills training for the facilities industry.

The training is designed to enhance workplace competencies, and courses can be adapted and developed according to employer's requirements upon request. The training centre has registered skill assessors that assist all Bidvest Facilities Management contracts with the recruitment of technical employees. Our instructors develop assessment instruments according to client needs, and assess their current and potential employees against their respective skills requirements.

Our training facility is located in close proximity to OR Tambo International Airport and has a training capacity for 1500 learners per year (all training initiatives).
